

UCI Para-cycling Road World Cup Baie-Comeau 15-19 August 2018

GENERAL INFORMATION ON THE REGION

General information on the region and city

Located in the heart of the Manicouagan-Uapishka World Biosphere Reserve, Baie-Comeau perfectly combines urban life and wide spaces.

Founded in 1937, the City of Baie-Comeau is the central city of the Manicouagan RCM. With a population of approximately 22,000, Baie-Comeau is home to 35,000 residents of Manicouagan and almost 100,000 to the North Coast.

The Host City

If Baie-Comeau dominates the St. Laurent River from its advantageous geographical point of view, it should also be noted that the city is located in the heart of a UNESCO World Biosphere Reserve, which is to say the World Conservation Reserve of the Manicouagan-Uapishka biosphere. The region is not only renowned for the quality of its biodiversity, but also for its "model region in sustainable development" program.

Baie-Comeau is a two-hour drive from one of the 10 most beautiful bays in the world, Tadoussac Bay, and boasts the second highest annual hours of sunshine in Canada, an advantage when it comes the time to enjoy exceptional views of mountains, forests and the sea.

Welcome to the North Cost Area / Manicouagan!

During your stay with us, take the opportunity to visit the area and see the country. There is plenty to do around Baie-Comeau!

World Biosphere Reserve designated by UNESCO since 2007, the greater region of Baie-Comeau welcomes you in a landscape marked by the phenomena of post glaciation. From west to east, the region offer attractions and exceptional sites to visit. In addition, its hinterland will charm you with its immensity, whose main access are the Touloustouc and Trans-Quebec-Labrador roads. The latter leads to the Monts Groulx through the Jean-Lesage (Manic 2) and Daniel-Johnson (Manic 5) dams.

The area offers a range of outdoor attractions and tourist activities for all tastes.

GENERAL INFORMATION ON THE EVENT

The athletes' village and the central point of all competitions (road race and time trial) will be located on Joliet Boulevard, directly opposite Serge Bouchard High School in Baie-Comeau.

TRANSPORTATION

Transportation to Baie-Comeau from Montreal is structured and supervised by the Organizing Committee. To reduce the cost of transporting delegations, luxury coaches have been chartered and will all depart from Pierre Elliott Trudeau Airport from Montreal to Baie-Comeau, a journey lasting approximately 9 hours. To maximize the comfort of all during the ride, these luxury coaches are not suitable or accessible for wheelchairs. We therefore ask for the teams' cooperation during the boat trip for team members with reduced mobility. A stop in a restaurant is planned halfway, however note that meals are at the expense of delegations.

Race equipment shall be stored in a specific room at the Montreal Pierre-Elliott-Trudeau Airport between your arrival in Montreal and your departure to Baie-Comeau. Subsequently, a transport truck will be parked near the coaches and the Organizing Committee will put your equipment into the same truck. It will then be the responsibility of the Organizing Committee to unload the equipment in the warehouses provided for this purpose, once arrived in Baie-Comeau.

Also, the organizing committee got a special rate for air transportation. However, we must quickly know your needs and your dates of arrival and departure.

It is also possible to rent a vehicle directly at the airport to ensure your transportation to Baie-Comeau. You will be able to have this vehicle throughout your stay and during your return to Montreal. We also have a special rate.

Places in coaches are limited. It is therefore necessary to proceed to the booking of your package as soon as possible.

Onsite, a shuttle service will be available in the morning and evening from 15 to 19 August from the hotels.
